HOW IT WORKS

1 YOUR DESIGN

SUBMIT YOUR DESIGN: Email us your design(s) and we'll create the mockups for your shop. Don't have any designs or need design help? We can create a design for you for a fee.

2 STORE SETUP

SELECT PRODUCTS: Choose up to 8 products to sell. Want to sell more products in your shop? Add additional products for a \$10 fee per product.

SET RETAIL PRICE: Most items have a minimum retail price for profitability, but you are encouraged to set your own pricing. Not sure what to charge? We can help recommend competitive pricing.

SET SHOP SCHEDULE: Set the number of days to keep the shop open. The typical approach is 14 days. Opening the shop multiple times per school year is also an option.

SETUP: We'll create the online shop for you so you can start focusing on promoting your shop.

3 PROMOTION

GET THE WORD OUT: Your profit potential is directly related to your sales, so get the word out. Think social media, emails, in-class announcements, handouts, etc.

4 FULFILLMENT

NO TIME TO WASTE: Orders are individually packaged and ready for you to pick up within 14 days of shop closing in most cases.

GET PAID: You'll receive a detailed invoice showing the amount owed to you as well as a check for that amount upon order completion.
